**DATE:** June 1, 2023  
**TO:** Natural Resources Commission  
**FROM:** Krista Spreiter, Natural Resources Coordinator  
**SUBJECT:** 2024 Budget Recommendations Discussion

---

**Background**

At the June 1<sup>st</sup> work session, staff will review the existing 2023 Natural Resources budget with the Commission, as well as goals and priorities set forth in the Natural Resources Management Plan, and the Commission's 2023 work plan. The commission may then discuss recommendations to bring to the City Council for the 2024 calendar year. Recommendations may consist of funding for goals, priorities, tasks, programs, or projects that the Commission would like the City Council to incorporate into the City Budget for 2024. Resources, timeline, and benefits of each identified item should be considered. Recommendations brought forth should reflect the City's needs, priorities, and funding mechanisms.

**Requested Action**

The Commission is asked to use the work session to form recommendations to be brought to City Council for consideration for the 2024 city budget.
